Other Species																

Notes on using this form:

This form is designed to be used for sites visited several times in a year, including recorders' gardens. Please use a separate form for each site. (Copies can be downloaded from the branch website).

Map reference

Wherever possible, please enter the six or four figure Ordnance Survey grid reference for the location from which the butterflies were recorded. If this is not possible, either enclose a simple sketch map or ensure that the location is clearly described (for gardens, the full postal address will be sufficient).

Species seen

For each species seen, please enter the actual or approximate number seen (e.g. 4 or 20+).
or simply enter a tick mark (which may be the easiest when recording butterflies in you garden).
If you see ova (eggs) or larvae (caterpillars) or pupae, enter the codes **O, L,** or **P** respectively.
Any moths seen can be included in the "Other species" rows.

From time to time we would like to send you information by post about our conservation, membership and fundraising activities. If you prefer not to receive information by post please tick this box ❑
By providing your email address you agree to us contacting you by email. You can opt-out at any time in the future. Butterfly Conservation will not disclose any of your personally identifiable information, except when we have your permission.
If you are under 16 please ask your parent/guardian to read this and confirm they give their permission for you to take part/give your details. I am under 16 but I have my parent/guardian's permission – please tick this box ❑
